

### Features

### Description

mp3 / WMA / WMA DRM Playback

Plays back mp3 & Windows Media Audio® (WMA) files. Also, compatible with most secure music downloads from WMA-compliant services that support DRM.

1 GB Flash Memory

Stores up to 32 hours<sup>3</sup> of WMA music or 640 songs encoded @64 kbps as well as being a data storage device. No moving parts for skipless audio playback.

File Reading Capability

Allows the user to read all the non-music files stored on the device for easy recall. (i.e. My excel file, Your Power Point Presentation, etc...)

LCD Display

The display lists name of artist, song, elapsed time, volume level, and battery level indicator when in playback mode. Also lists all non-music files stored on the device.

Direct USB Connection with Sliding Door

An easy-to-use mechanical sliding door keeps dust and dirt out of USB connection to prevent battery degradation.

Rechargeable Battery

This device uses a rechargeable Ni-MH battery for longevity and small, lightweight design.

Full Accessory Kit

Includes: CD-ROM Music Management Software, Earbud Headphones, USB Extend Cable and Neck Strap.

# M1001GB
